Dear parents,

Sub: Thank You Note To Our Valuable Parents

As we are coming to an end of the most unusual academic year where masks have become uniforms and students were taught to be socially distant, I take this opportunity to profusely thank our parent community for standing by this wonderful institution in such difficult times. The support that you have extended during this COVID-19 year was instrumental in providing the unmatched virtual learning experiences for your children. On all counts, we can be proud that YIS remained as **“The Best School”** against all odds. I would further like to express my gratitude to all those parents who kept me and my team motivated to set high academic standards with your endearing appreciation letters.

As we move forward, kindly make a note of the following:

- ✓ **Report Cards of Nursery to grade IX & XI will be forwarded to your registered e-mail ids on 28th March 2021.**
