**Subject:** Appreciation Letter

Respected Principal,

Our daughter (**Yazhini Parthiban**) just completed her first term in **Nursery**. We knew our daughter had the best school in the world. When we were on a holiday and she said 'Mom I miss my class' Thanks for making our child look forward to getting a good education."

We want to appreciate **Mrs. Faiza Khan**, her class teacher for all the efforts she took, to make the online class so lively. She is the best communicator; listener and interacts well with the students. It's very hard to make the small kids sit at one place, but her teaching methodology keeps them very interactive and attentive during the class hours. The study materials she prepared for the class is so creative, the kids are happy to study. Each day she comes up with new tricks, songs, games & activities for the kids. Thank you so much, my daughter really loves her class.

And our special thanks to **Mrs. Leela Balakumar** (Supervisor) co-ordinating the online classes successfully. I am writing this to express my sincere thanks for all the efforts. Strong leadership is the foundation of school success and without her that would not be possible.

I know that your job might not always be easy, so I wanted to tell you how much I appreciate all of your hard work. Because of you, all of your students have a positive, engaging learning environment.

Thank you so much!

Thanks and Regards,

Ahalya K and Parthiban L
