**Cover Page of the diary is designed by Ms. Faida Rajeef , Grade XII**

The theme "One World, One Community," embodies the essence of unity within diversity, emphasizing how collaboration and a shared sense of purpose can create a stronger and more harmonious world. Illustrated by a prominent globe surrounded by vibrant hands in various colors, it is symbolic of the richness of the diverse cultures that we celebrate within our school community.

Additionally, the design incorporates the shooting star from our school's logo to highlight this connection. Educational elements and a robotic hand are included to signify the role of artificial intelligence, underscoring the importance of knowledge and innovation in fostering a thriving global community.

The accompanying slogan, "Building Bridges, Not Walls ", emphasizes the importance of connection and understanding over division and separation. It suggests that by actively reaching out to others, learning from different perspectives, and fostering collaboration, we can create a more prosperous and harmonious world for everyone. It's about choosing to build relationships and break down barriers instead of isolating ourselves or erecting obstacles between us.
